

Planing WS 2013

PVT 2008

The Institute: NINH THUAN VOCATIONAL COLLEGE

Long An, 24 – 25 / 1 / 2013

Part 1.1: Update on School development

- **Status of institute workshops**

Workshops have been rearranged for more reasonable and convenient for integrated teaching.

Part 1.1: Update on School development

- The institute met the requirements for facilities to prepare for receipt of project equipment
- Bidding packages of stage 2 are under construction (workshop 1 in base 2 has so far reached over 80% workload).

Part 1.1: Update on School development

After participating the training courses organized by GIZ, the institute required the teachers/instructors to multiply the gained knowledge and skills to other teachers/instructors at the institute. The result shows that the skills of teachers/instructors improved.

Part 1.1: Update on School development

• **Lesson learnt**

- Selection of teachers/instructor to participate in further training courses.
- Selection of appropriate equipment for training.

Part 1.2: Institute plan for 2013

- **Activity**
 - Complete the construction of Workshop 1 (in base 2).
 - Remove/ adjust the equipment no longer suitable for training
 - Receive the equipment from Germany
 - Send teachers/instructors to further training courses.
 - Intensity of cooperation with enterprise

Part 1.2: Institute plan for 2013

- Challenges and issues
 - Because the teaching staff of institute is limited, sending teachers/instructors to further training courses also affects many of teaching at the institute.
 - The institute has difficulty in paying the salaries of teachers participated in the training courses of GIZ . (has to pay the salary for alternative teachers for teaching at the institute during that time)

Part 1.2: Institute plan for 2013

- Needed support
 - Need to be supported costs of per diem for the teachers/instructors during the training courses by GIZ (because the institute does not frequent enough funding to support this costs).
 - Complement more equipment, tools and teaching documents for training course
 - GIZ supports materials in order to implement transfer projects at institute by Development Advisor (Heinrich) such as: Electric Safety, etc...

Part 2: Institute's plan on promoting cooperation with enterprise in the next year.

The institute has cooperated with enterprises

- in Ninh Thuan province such as Tiến Thuận Garment Ltd. company ,
Thông Thuận aquiculture Ltd. company, Từ Sơn Ltd. Company, etc.)
- And in other provinces (Ascendas Ltd. company, Cartina Enterprise,
MTV Garment company in Bình Dương)

To send students for practicing and to recruit after graduation.

Part 2: Institute's plan on promoting cooperation with enterprise in the next year.

- In next year, the institute will continue to maintain the cooperation with these companies and to expand cooperation with other companies in Ninh Thuan and in other provinces.
- Send teachers/instructors of institute to enterprises in order to get acquaintance with modern production convey, equipment that are not available yet at institute.
- To bring into play the model of the "Club of Teacher - Entrepreneur".

Accordingly, many entrepreneurs will be invited in teaching at the institute.

At the same time, give students and teachers working part-time at the Entrepreneur business

Thank you for your attention
